

Community Economic Development Roundtable

Role of the CED Roundtable

The role of the Community Economic Development (CED) Roundtable is to provide guidance and advice from sector specific and broader community perspectives in setting the priorities and activities that will be outlined in the CED Strategy for Golden and Area.

The CED Roundtable is intended to be a steering committee, not a decision making authority. The Golden CED may ask the CED Roundtable to guide decision making on specific matters on a need be basis.

The CED Roundtable will provide feedback to the process and development of the Golden and Area CED Strategy. The CED Strategy project is scheduled to be complete in the fall of 2021.
